Course 1: Marketing Fundamentals

Becoming a digital marketer is a journey — let us be your guide. In this course, we give you a framework to help you organize and plan your approach. We also introduce you to three companies that are featured throughout the Digital Marketing Nanodegree program as examples of how to apply what you learn in both B2C and B2B contexts.

Course Project

Prepare to Market

In this first project, you'll prepare for your new role as a digital marketer. You can choose to market your own company or a Sandbox B2C or B2B product we've provided. You'll market a B2C or B2B product, summarize the business model of the company, articulate the marketing objective, and develop a target persona for the product you choose to market.

LEARNING OUTCOMES

LESSON ONE

Welcome to Digital Marketing

Marketing is an essential part of your everyday life. We will take you on a journey through the evolving digital marketing landscape. This course will teach the fundamentals to help you navigate and thrive in this fast-growing field.

LESSON TWO

The Digital Marketing Framework

We provide a framework to help you make the right decisions in an ever-changing digital marketing environment. Learn about our marketing map that covers the what, who, how, where and when of marketing.

LESSON THREE

What: Your Business

The journey begins with understanding the “what” you are marketing. Learn how to articulate a business model in a concise targeted way.

LEARNING OUTCOMES

LESSON FOUR

Who & When: Your Customer

Customers drive all marketing actions. Get to know this customer through empathy maps and hone in on your target by developing a user persona. Learn the different stages of the customer journey your customer will go through to reach you.

LESSON FIVE

Where: Marketing Channels

There are many different ways to reach your customer at different stages in their journey, with an increasing number of marketing channels from which to choose. Align your choice of marketing channel with the customer journey to achieve the best results.

LESSON SIX

Why: Marketing Objectives & KPIs

Setting marketing objectives and measuring your progress toward them with Key Performance Indicators is a crucial step of the planning process.

Course 2: Content Strategy

Content is at the core of all marketing activity. In this course you will learn how to plan your content marketing, develop content that works well for your target audience, and measure its impact.

LEARNING OUTCOMES

LESSON ONE

Plan Your Content

A marketer has a message and that message has to be communicated through great content. In this lesson, you learn how to plan and organize your content.

LESSON TWO

Create Content

Great content has a few common components. In this lesson, you learn the power of storytelling, different frameworks you can use to tell persuasive stories, and how to make the most of your content with curation and repurposing.

LESSON THREE

Distribute & Promote Content

Compelling content on its own won't get the job done. In this lesson, you learn how to promote and distribute your content, while keeping it all organized with a content calendar.

LESSON FOUR

Optimize Website UX & Landing Pages

Your website plays a crucial role in reaching your marketing objectives. In this lesson, you learn how to apply UX design principles to your website and how to create and test landing pages.

LESSON FIVE

Measure Impact

Measurement is key to the success of your content marketing. In this lesson, you learn what metrics to consider and how to optimize your results.

Course 3: Social Media Marketing (Organic)

Social media is a powerful channel for marketers. In this course, you learn more about the main social media platforms, how to manage your social media presence, and how to create effective content for each platform.

Course Project

Market your Content

In this project we want you to practice producing and marketing content about a subject you know very well – yourself! First you are going to write a blog post. Next, you'll craft social media post for three social platforms to share your blog post with your audience.

LEARNING OUTCOMES

LESSON ONE

Social Media Landscape

First, it's important to understand the social media landscape. Plan your approach with the help of two popular frameworks and align your strategy with the customer journey.

LESSON TWO

Social Media Channels

We'll take a closer look at Facebook, Instagram, Youtube, Twitter and Snapchat. Deliver your message in the most important platforms for your audience. Find and work with influencers to help you.

LESSON THREE

Social Media Content

Each social media platform requires a distinct approach. In this lesson, you learn how to develop or adapt content for social media, make your content match the platform you choose and create content that audiences will share.

LESSON FOUR

Implement & Monitor Campaigns

Success in social media requires careful monitoring and management of your content and your audience. Social media management tools, like Hootsuite, can help you get the most out of social media.

LESSON FIVE

Measure Impact

As with all marketing campaigns, you'll need to measure the impact of your social media efforts. Measure success in different platforms and learn the formula to predict virality.

LESSON SIX

Jobs in Social Media Marketing

We describe what it's like to be a social media marketer and what skills recruiters look for in the hiring process.

Course 4: Social Media Advertising (Paid)

Cutting through the noise in social media can be challenging, and often, marketers must use paid social media marketing strategies to amplify their message. In this course, you learn about the opportunities for targeted advertising in social media and how to execute advertising campaigns that resonate with your audience.

Course Project

Evaluate a Facebook Campaign

In this project, you will be evaluating a Facebook ad campaign. We will provide you with the marketing objective, ad campaign, ad set and ad performance data for the campaign.
